

**208.7004-4 Cutoff dates for submission of Category II MIPRs.**

(a) Unless otherwise agreed between the departments, May 31 is the cutoff date for the receipt of MIPRs citing expiring appropriations which must be obligated by September 30 of that fiscal year. If circumstances arise which require the submission of MIPRs citing expiring appropriations after the cutoff date, the requiring department will communicate with the acquiring department before submission to find out whether the acquiring department can execute a contract or otherwise obligate the funds by the end of the fiscal year. Acquiring departments will make every effort to obligate funds for all such MIPRs accepted after the cutoff date. However, acceptance of a late MIPR does not constitute assurance by the acquiring department that all such funds will be obligated.

(b) Nothing in these instructions is intended to restrict the processing of MIPRs when the acquiring department is capable of executing contracts or otherwise obligating funds before the end of the fiscal year.

(c) The May 31 cutoff date does not apply to MIPRs citing continuing appropriations.

**208.7004-5 Notification of inability to obligate on Category II MIPRs.**

On August 1, the acquiring department will advise the requiring department of any Category II MIPRs on hand citing expiring appropriations they will be unable to obligate prior to the fund expiration date. If an unforeseen situation develops after August 1 which will prevent execution of a contract, the acquiring department will notify the requiring department as quickly as possible and return the MIPR. The letter of transmittal returning the MIPR will authorize purchase by the requiring department and state the reason that the acquisition could not be accomplished.

**208.7004-6 Cancellation of requirements.**

(a) *Category I MIPRs.* The requiring department will notify the acquiring department by electronic or other immediate means when cancelling all or part of the supplies or services re-

quested in the MIPR. Within 30 days, the acquiring department will notify the requiring department of the quantity of items available for termination and the amount of funds in excess of the estimated settlement costs. Upon receipt of this information, the requiring department will issue a MIPR amendment to reduce the quantities and funds accordingly.

(b) *Category II MIPRs.* The requiring department will notify the acquiring department electronically or by other immediate means when cancelling all or any part of the supplies or services requested in the MIPR.

(1) If the acquiring department has not entered into a contract for the supplies or services to be cancelled, the acquiring department will immediately notify the requiring department. Upon receipt of such notification, the requiring department shall initiate a MIPR amendment to revoke the estimated amount shown on the original MIPR for the cancelled items.

(2) If the items to be cancelled have already been placed under contract—

(i) As soon as practicable, but in no event more than 45 days after receipt of the cancellation notice from the requiring department, the contracting officer shall issue a termination data letter to the requiring department (original and four copies) containing, as a minimum, the information in Table 8-1, Termination Data Letter.

(ii) The termination contracting officer (TCO) will review the proceedings at least every 60 days to reassess the Government's probable obligation. If any additional funds are excess to the probable settlement requirements, or if it appears that previous release of excess funds will result in a shortage of the amount which will be required for settlement, the TCO will promptly notify the contracting office which will amend the termination data letter. The requiring department will process a MIPR amendment to reflect the reinstatement of funds within 30 days after receiving the amended termination data letter.

(iii) Upon receipt of a copy of the termination settlement agreement, the requiring department will prepare a MIPR amendment, if required, to remove any remaining excess funds.

### 208.7004-7 Termination for default.

(a) When the acquiring department terminates a contract for default, they will ask the requiring department if the supplies or services to be terminated are still required so that repurchase action can be started.

(b) The requiring department will not deobligate funds on a contract terminated for default until receipt of a settlement modification or other written evidence from the acquiring department authorizing release of funds.

(c) On the repurchase action, the acquiring department will not exceed the unliquidated funds on the defaulted contract without receiving additional funds from the requiring department.

### 208.7004-8 Transportation funding.

The requiring department will advise the acquiring department or the transportation officer in the contract administration office of the fund account to be charged for transportation costs. The requiring department may cite the fund account on each MIPR or provide the funding cite to the transportation

officer at the beginning of each fiscal year for use on Government bills of lading. When issuing a Government bill of lading, show the requiring department as the department to be billed and cite the appropriate fund account.

### 208.7004-9 Status reporting.

(a) The acquiring department will maintain a system of MIPR follow up to inform the requiring department of the current status of its requests. In addition, the contract administration office will maintain a system of follow up in order to advise the acquiring department on contract performance.

(b) If requested by the requiring department, the acquiring department will furnish the requiring department a copy of the solicitation when the MIPR is satisfied through Category II funding.

(c) Any reimbursement billings, shipping document, contractual documents, project orders, or related documentation furnished to the requiring department will identify the requiring department's MIPR number, quantities of items, and funding information.

### 208.7004-10 Administrative costs.

The acquiring department bears the administrative costs of acquiring supplies for the requiring department. However, when an acquisition responsibility is transferred to another department, funds appropriated or to be appropriated for administrative costs will transfer to the successor acquiring department. The new acquiring department must assume budget cognizance as soon as possible.
